

IMPORTANT MESSAGE

Client Information Needed for Federal Reporting CAA, Title II, Section 204

This communication requests required information from clients to support the Prescription Drug and Health Care Spend submission from Cigna to the federal government for the **June 1, 2023** requirement on behalf of our clients.

What Cigna is doing

As previously communicated, in compliance with the [Consolidated Appropriations Act, Title II, Section 204](#), Cigna will produce medical and/or pharmacy spending reports annually for both fully insured and self-funded (ASO) clients, and submit to the U.S. Department of Health and Human Services, the Department of Labor, the Department of the Treasury (Tri-Agencies) and the Office of Personnel Management (OPM).

- For the **June 1, 2023 submission**, which will represent reporting year 2022, Cigna's standard approach is to submit on our clients' behalf.
- This communication outlines steps for clients to take to provide Cigna with information required for the 2023 reporting submission. This includes employer versus employee premium split, that is, the average employee versus employer percent of premium across the client's medical, pharmacy, behavioral coverage (including Cigna and any non-Cigna coverage), corresponding to the population with Cigna coverage.
