

Save Money On Your Natural Gas and Electric Bill

- ▶ Did you know energy deregulation has removed the utilities monopoly on the supply of electricity and gas?
- ▶ Now companies are free to shop for their electric and gas supply on a competitive basis, ensuring the best possible price.
- ▶ Utilities can only offer a **Variable** rate that changes every month.
- ▶ PGP Energy shops the market to see which suppliers are offering the best **Fixed** rate.
- ▶ Advantages of locking into fixed rate.
 - Budget predictability and stability
 - You will still receive one bill from the utility. Our suppliers rates appear on the utility bill.
 - Utility is still responsible for all customer service.
- ▶ All we need to start the process is a copy of current utility bills (all pages).
- ▶ PGP Energy will guide you through the entire process.

SERVING: *CA, CT, DC, DE, *FL, *GA, *ID, IL, MA, MD, ME, MI, NH, NJ, NY, OH, PA, RI, TX
(*GAS ONLY)(ELECTRIC NOT CURRENTLY AVAILABLE IN LONG ISLAND NY)

Energy Deregulation Saving You Money
